The contributions the RSG make to Hull Kingston Rovers through-out the year, enable the club to sign the calibre of player who can continue the on-going improvement of Hull Kingston Rovers, as they push on to return as one of the top Rugby League sides. The RSG can only make these contributions if you the fans keep donating to the RSG.

This enables us to be able to make contributions to the club when they request it. The RSG still rely on fans making contributions on a regular basis and the easiest way is to setup a standing order from your bank account.

To setup a standing order couldn't be easier, below is a standing order mandate. Complete this and hand in at a local branch of your bank.
